WHAT'S HAPPENING

We need affordable Health Care for all in the U.S.

"We need healthcare when we are sick or injured. We need health insurance because very few people can pay for the cost of a major illness or surgery out of pocket. When circumstances keep people from having insurance, people live sicker and die sooner.

"Unlike many countries, the United States has the resources to provide the assurance that every person, regardless of age, gender, location, poverty, or disability can receive the preventive and curative services they need."
(GBCS)

Do the basics of health care in the U.S. seem to get lost in the swirl of news and opinions about recent legislative proposals for alternatives to current health insurance laws? And what do most United Methodists believe, based on positions taken by their General Conference? The General Board of Church and Society, which advocates on our behalf for high quality affordable health care as a "basic human right," offers a basic primer on the topic, including what the Bible and the UMC say and "Three Things You Can Do." Monthly Meeting

POWER's next Action Team meeting will take place **Tuesday, August 8th** from 7:00–9:00 PM at the POWER Office, 1429 N. 11th Street, Philadelphia, PA 19122 (two blocks north of Girard Avenue on the SEPTA 23 bus route). All strategy teams will present their year-long campaign plans for input, so be sure to come and share your thoughts on POWER's next steps.

Dinner will be available at 6:30 PM and free childcare offered by certified personnel is available upon request. If you are in need of childcare, please contact info@powerphiladelphia.org by Friday, August 4th with the names, ages, and number of children attending.

Green Jobs Campaign

At the 2016 Poverty Summit, POWER set a goal of ending poverty in Philadelphia in 10 years and presented a platform of ideas and strategies to help get us there. The first “Black Work Matters” report focused on growing strong, living wage jobs in the service sector. This year, we examine opportunities for equitable wages in the green energy industry.

On July 11th, we released our second report: “Black Work Matters: Green Jobs” (available at: <http://powerinterfaith.org/>). The report projects that *we can lift 1 out of 5 families out of poverty* with the targeted building out of a strong and vibrant green jobs sector. So we ask: What are the life-sustaining jobs and economic opportunities available to achieve this goal? What policies do we need to make change?

POWER has some answers. We will need a lot of people-power to enact the recommendations. Please familiarize yourself with this inspiring and hopeful report. If you feel the call to join this effort, come to the monthly meeting (details above) and meet with the Economic Dignity Team.

ASUMC Youth and Young Adult Mission Trip to Robeson County

For the last eight years, **ASUMC Youth** have traveled to Lumberton and Pembroke NC to work alongside local leaders on various improvement projects. This year's trip is scheduled for **July 30th to August 5th**. The picture above shows the kind of work our volunteers accomplish. The Robeson County Church and Community Center is the heart and soul of support for the poor of Robeson County – the poorest county in NC. The Center was under flood waters in the Fall of last year due to Hurricane Matthew. Pastor Kelly stated that funds and volunteers are desperately needed to restore the Center so they can resume all functions. **The United Methodist Church is the driving force behind the Center's work** and the **ASUMC Youth** are so close to this NC community they ask for your help. **Pastor Robin has set a stretch goal of \$8,000.** Please use the special offering envelope inserted in the bulletin or give online. Checks should be made out to Arch Street UMC with the words ***Flood Relief*** on the memo line. Thank you for your generosity.
